

Information for customers on the codes needed to dispose of construction waste after Balex Metal products			
Product name		Waste code	Name of waste
Thermal insulation	Roof	17 06 04	Insulating materials other than those mentioned in 17 06 01 and 17 06 03
	Floor		
	PIR Alu		
	PIR Fiber		
	GK		
	Compact		
Products with a PIR polyurethane foam core	Roof PIR Standard	17 06 04	Insulating materials other than those mentioned in 17 06 01 and 17 06 03 NOTE: In the event of mechanical separation of the steel components from the PIR core, the waste must be handed over to the recipient: • Steel under code 17 04 05 Iron and steel • PIR core under code 17 06 04 Insulating materials other than those mentioned in 17 06 01 and 17 06 03
	Half PIR ALU		
	PIR FIBER roof		
	Slate		
	PIR sandwich panel Standardd		
	PIR PLUS sandwich panel		
	PIR LIGHT composite panel		
	PIR FROST		
Products with a core of mineral wool MW	MW ROOF	17 06 04	Insulating materials other than those mentioned in 17 06 01 and 17 06 03 NOTE: If the steel elements are mechanically separated from the mineral wool core, the waste must be handed over to the recipient: • Steel under code 17 04 05 Iron and steel • Mineral wool core under code 17 06 04 Insulation materials other than those mentioned in 17 06 01 and 17 06 03
	MW Standard		
	MW Standard PLUS		
	MW LIGHT		
	MW DEFENDER		
	MW FIRE		
Trapezoidal sheets	Trapezoidal sheeting	17 04 05	Iron and steel
	Structural trapezoidal sheets		
	Soffit sheets		
Roof coverings	Standing seam panel		
	Panorama steel sheet tiles		
	Horizon steel sheet tiles		
	Spectrum steel sheet tiles		
Roof accessories	Ridge tiles, wind braces, edge tiles, chimney flashings, valley gutters		
	Fireplaces, chimney sweeps, steps, snow guards, ridges		
Guttering system			
Cold-formed profiles	Sigma, Zet, C,		
	Mounting tables, fixtures		
Facade coverings	Cladding coffer		
	Wall panel
